"Davy Crockett" is the attraction at the opera house tonight (Friday). Mr. Frank Mayo, who has dramatized the story of Davy Crockett and has played to crowded houses all over the country, appears in the leading role. His impersonation of the honest backwoodsman is his best character, and all who have seen the play declare it to be one of the most realistic on the stage. Those who fail to see Davy Crockett will miss one of the very best entertainments of the season.

To the Cash Buying Public: We opened a new cash grocery store on Monday, Nov. 28th, two doors north of the First National Bank. Here we will sell all groceries, both staple and fancy, from ten to thirty per cent. cheaper than they are usually sold. This we will contrive by strictly selling everything for spot cash. When we say cash we do not mean in thirty days, but we mean the cash when the goods are purchased. You may think this somewhat strange, but, call at the store and our prices will explain the mystery.

The laws of health are taught in our schools; but not in a way to be of much practical benefit and are never illustrated by living examples, which in many cases could be easily done. If some scholar, who had just contracted a cold, was brought before the school, so that all could hear the dry, loud cough and know its significance; see the thin white coating on the tongue, and later, as the cold develops, see the profuse watery expectoration and thin watery discharge from the nose, not one of them would ever forget what the first symptoms of a cold were. The scholar should then be given Chamberlain's Cough Remedy freely, that all might see that even a severe cold could be cured in one or two days, or at least greatly mitigated, when properly treated as soon as the first symptoms appear. For sale by H. F. Smith.

DIED.

At Belle Plaine, Kansas, Dec. 31, 1892, one of the oldest citizens of Sumner county ended his miserable career, after fourteen years of suffering with one of the most dreaded diseases known to man. While I have all due respect for the dead, I feel it my duty as a citizen and merchant of Sumner county to make known some of the things deceased did during his life time. The person spoken of has done more to tear down and ruin what many of us merchants have worked long and hard to build up. He has visited nearly every town in our county and misled our merchants and left them to wonder why such persons were let run so long without being checked by force or by some action of law. I, for one, have fully decided that on and after January 1, 1893, to sell no goods on credit, believing this to be the only true principle of doing business; also being better for both buyer and seller. Thanking friends and patrons for their liberal patronage in the past and hoping for a continuance of the same in the future, I am most respectfully yours for cash, J. D. REED, Cash Hardware, Belle Plaine, Kans.
